Violation Number Nature of Noncompliance

1

The offender has violated the special condition that states: **‘You must refrain from the illegal possession and use of drugs, including prescription medication not prescribed in your name, and you must submit to urinalysis or other forms of testing to ensure compliance. It is further ordered that you must submit to evaluation and treatment, on an outpatient or inpatient basis, as approved by the U.S. Probation Office. You must abide by the rules of any program and must remain in treatment until satisfactorily discharged by the court. You must alert all medical professionals of any prior substance abuse history, including any prior history of prescription drug abuse. The U.S. Probation Office will supervise your compliance with this condition.’**

On April 25, 2022, Batista successfully completed a 28-day inpatient drug program. On or about April 27, 2022, shortly after his discharge from inpatient treatment, Batista relapsed and in fact used fentanyl again. He also, because of lack of communicating with the Probation Office was unable to get his medication and was given suboxone by a family member. He took said medication which was not prescribed in his name.

On May 3, 2022, Batista tested positive for both fentanyl and buprenorphine, none of which was prescribed to him.

U.S. Probation Officer Action:

Batista recently completed Short-Term Inpatient Treatment at Integrity House and upon being discharged was referred to Intensive Outpatient Treatment at Integrity House, Incorporated located in Newark, New Jersey as well. He will be closely monitored, and any future non-compliance will be reported to the Court. The probation office respectfully recommends that Your Honor take no Court action at this time and that the signed notice will serve as a formal judicial reprimand. We will apprise the Court of any further noncompliance.

Respectfully submitted,
